TinZinc Solder

Composed of tin and zinc, Aufhauser TinZinc Solder forms excellent corrosion-resistant joints on the tough-to-solder aluminum alloys. Joins all solderable aluminum alloys to each other and to dissimilar metals, both ferrous and non-ferrous. Also beneficial as a high-temperature solder on most other metals.

Properties	
Composition	85% sn, 15% zinc
Solidus (melting point)	391° F
Liquidus (completely fluid)	482° F
